2026 NA4SA NATIONAL CONFERENCE

Marriott Pittsburgh Airport
Pittsburgh, PA
December 4 to 6, 2026

PRE-CONFERENCE WORKSHOP

"From Digital Chaos to Digital4 Good" with SUZY KRZACZEK

***NOTE*: Due to a recent cancellation by R.J. Long, there has been a change in our Pre-Conference Workshop. Please see below for our NEW Pre-Conference Workshop Opportunity!**

All registered NA4SA National Conference attendees are invited to join us on Friday December 4 from 12:00-2:00 p.m. for a FREE Pre-Conference Workshop with Suzy Krzaczek that will offer the opportunity to go **From Digital Chaos to Digital4 Good: AI Ethics, Online Drama, & Action Planning!**

AI deepfakes. Group-chat drama. AI cheating. Misinformation. Anonymous accounts. Schools are facing new digital challenges every day and waiting for the next incident to go viral isn't a strategy. This hands-on Pre-Conference Workshop will give school leaders practical tools to respond before digital issues become campus crises. Learn how to navigate AI ethics, digital conflict, social media, and emerging online risks while empowering students to be part of the solution.

Participants will learn how to respond to emerging issues like AI deepfakes, misinformation, group-chat drama, and AI misuse while building AI ethics and responsible AI use into digital citizenship. You'll gain **Digital First Responder** strategies to de-escalate online drama and respond confidently to parent and community concerns, while empowering students to become Digital First Responders and leaders – and you'll leave with a ready-to-use action plan for your school. The next digital challenge may already be happening in your students' group chats. Is your school ready to respond?

You'll be able to sign up for this FREE optional Pre-Conference Workshop when registering online for the NA4SA National Conference. Don't forget to join us after this Pre Conference Workshop for the annual **NASSCED/NA4SA Speakers' Showcase**, which will be from 2:30-4:00 p.m. and is also FREE!
